Samuel Silver and family moved from Amesbury, Massachusetts to Hopkinton, New Hampshire in 1771. The Census of 1790 lists Samuel Silver of Hopkinton with family consisting of 2 males of 16 years and older, 2 males under 16 years and 2 females. This is apparently this Samuel Silver. The census also lists a Samuel Silver of Bow, New Hampshire with family consisting of 1 male of 16 years and older, 1 male under 16 years and 1 female, This is apparently Samuel Silver, Jr. In addition the Census of Newport, New Hampshire lists a Samuel Silver with family consisting of 1 male of 16 years and older and 1 female, This is possibly the same as the Samuel Silver of Bow who is believed to have lived a short time in Newport before settling in Bow. Apparently the Newport Census was taken before the census at Bow and before the baby was born.

The records of the children are from the Newport Town History, and only two of the children have birth records listed in the State records. The Town History also is a little mixed up in that two Edwards are listed, the second it is stated moved to Marlow and married Eunice Brown (born June 2, 1795) daughter of John Brown of Newport. A manuscript Genealogy of the Silver Family states that Martha and family together with her sister, Anna and family, and brothers, Timothy, Abner and Daniel and their families moved together about 1815 to Upper Canada near Kingston, Ontario

Proof that Martha Silver married first a Mr. Putney is based on her Marriage record as Mrs. Patty Putney to Levi Hall. The Newport Town History also states that Levi Hall married Mrs. Patty Putney, a sister of John Silver of Newport. The Wills of both of her parents name her as the wife of Levi Hall.

The Newport Town History states that Abner Colby came from Henniker, New Hampshire to Newport and married Anna Silver. Five children are recorded as born at Newport. The Census of 1790 at Newport lists Abner Colby with family consisting of 1 male 16 years and over, 1 male under 16 years, and 5 females. This would agree with the birth records of the five children. Apparently very soon after 1790 the family moved

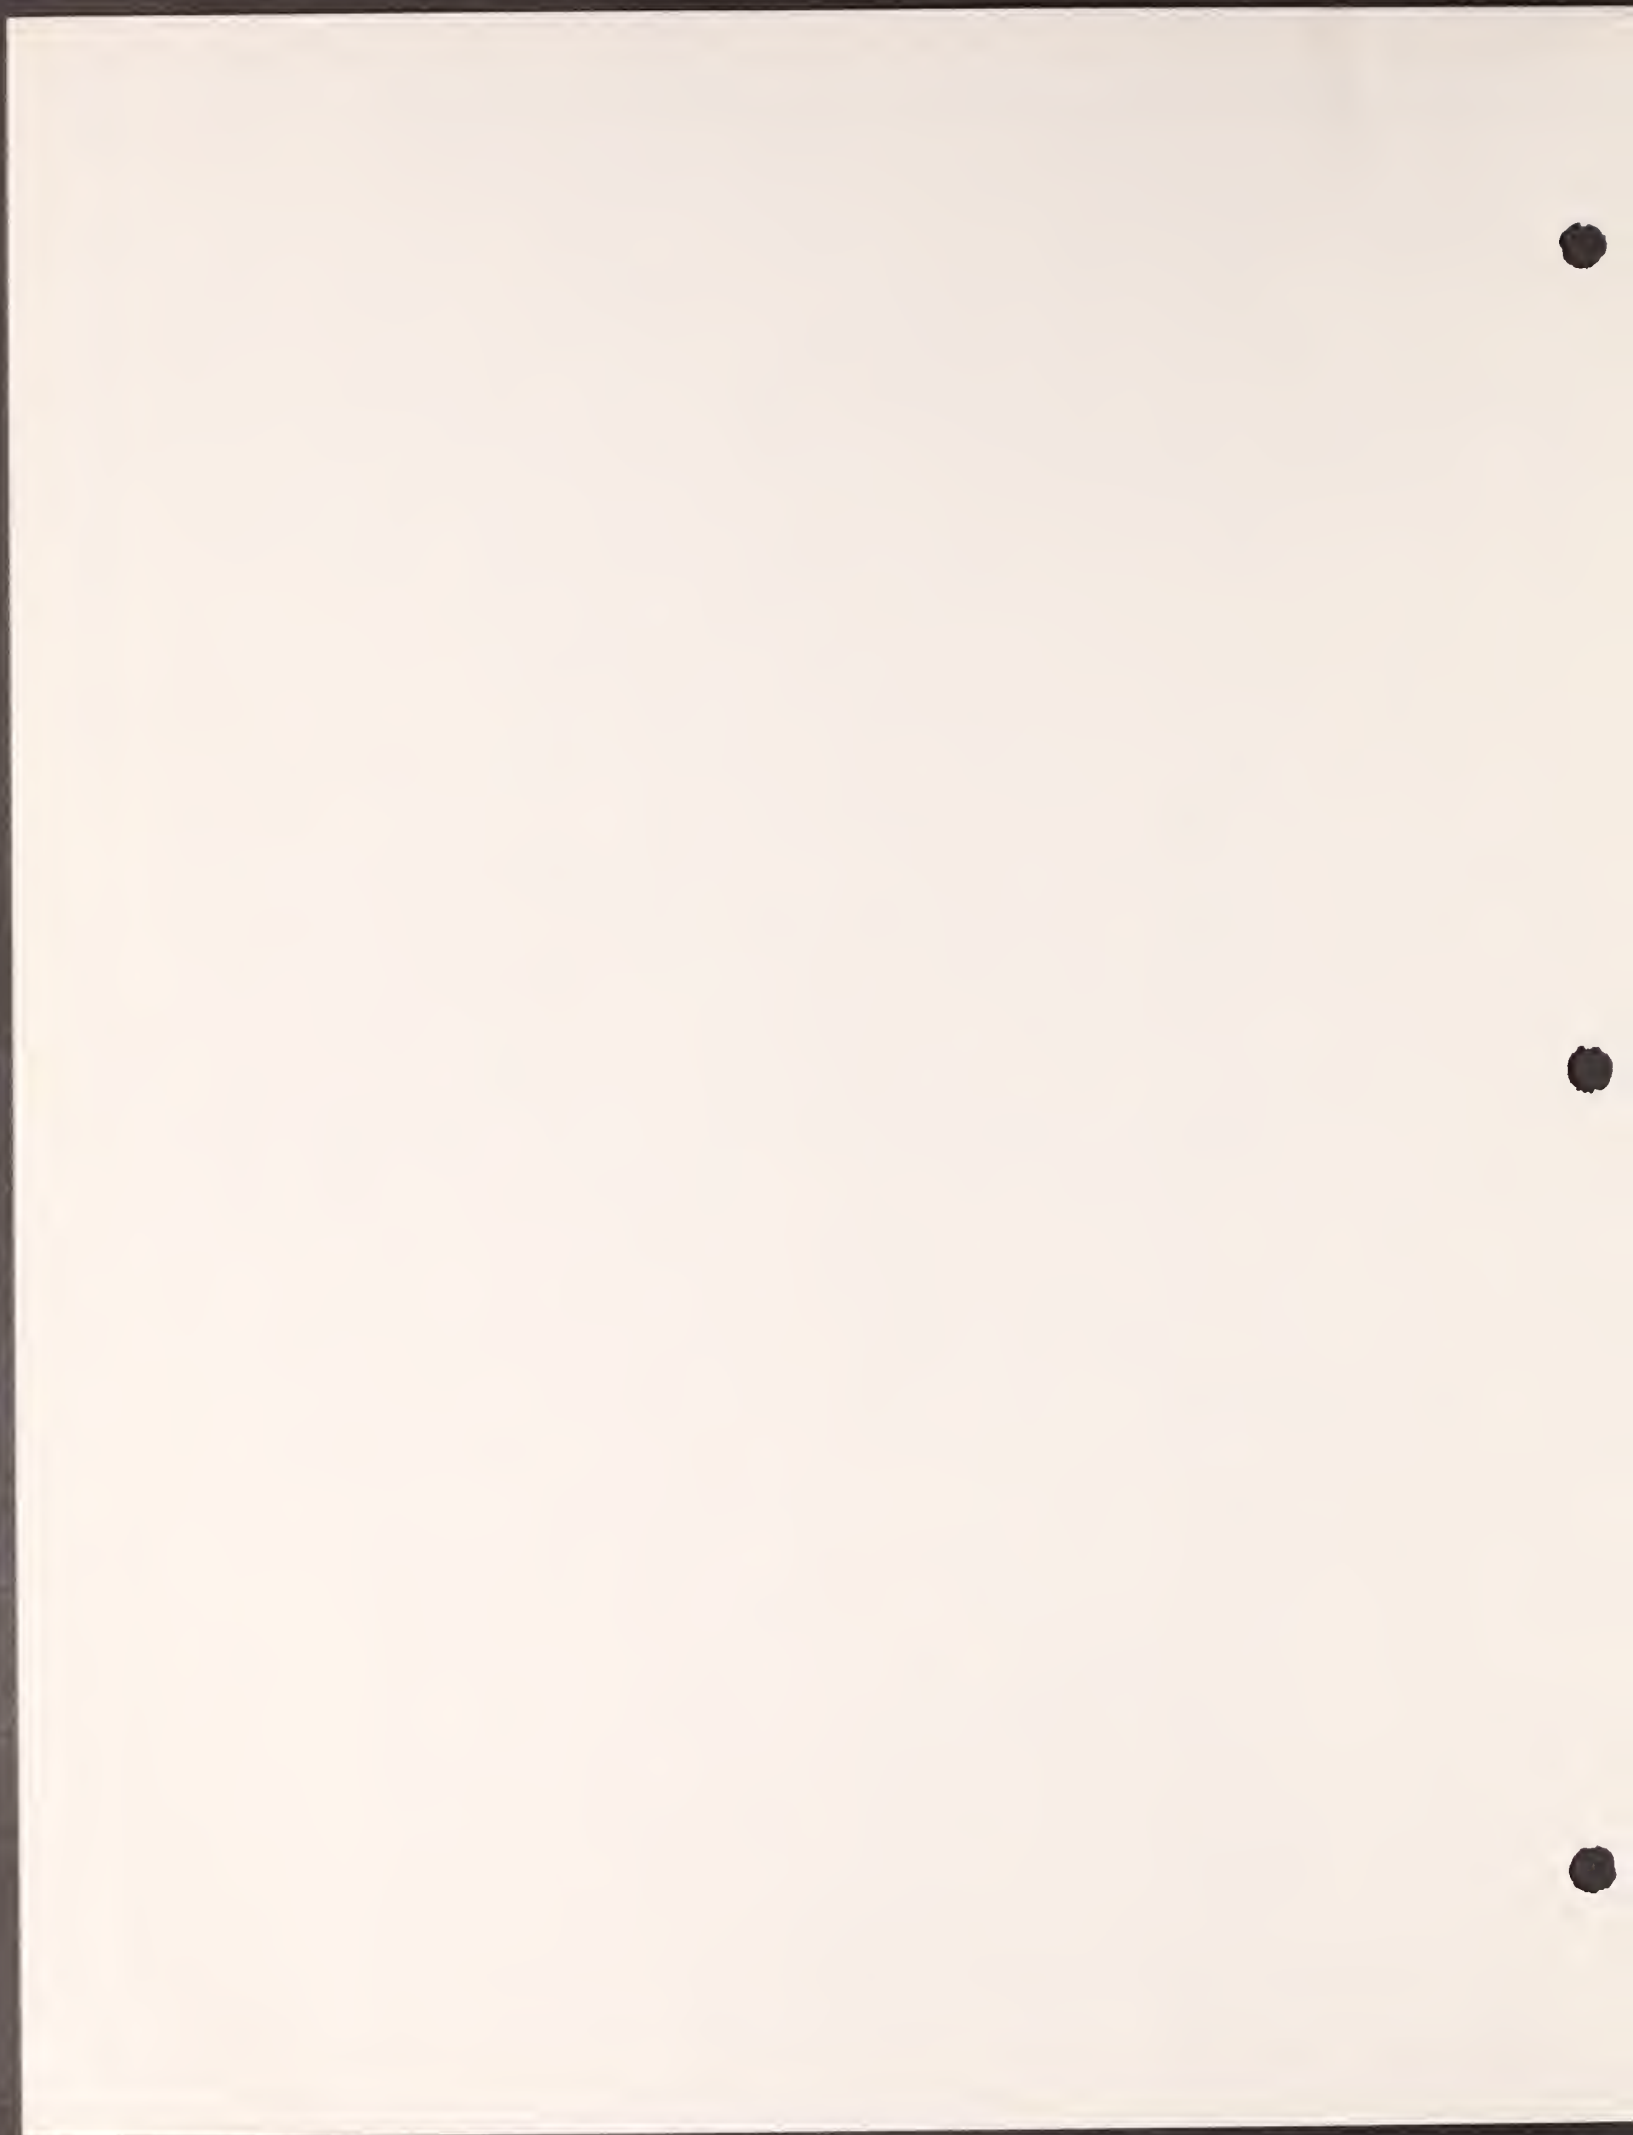

ANNA (SILVER) COLBY (continued)

to Goshen, New Hampshire. They are not listed in the 1792 Census of Goshen taken when the town was incorporated which would indicate that they had not lived in a part of Newport set off to the new town. The Census of 1800, however, lists Abner Colby as living in Goshen with family consisting of 1 male over 45 years of age, 1 male aged 10-15 years, 1 male under 10 years, 1 female over 45 years of age, 1 female aged 16-25 years, 1 female aged 10-15 years of age, and 1 female under 10 years. Most of the vital records were lost many years ago in a fire so that we have no official record of children born in the family while the Colby's resided in Goshen. From the 1800 Census it would appear that there were at least 2 children born between 1790 and 1800 for which there is no record. In addition there is the tombstone of a daughter, Lucinda, Born in 1800, in the Goshen Four-Corners Cemetery.

According to the manuscript Genealogy of the Silver Family Anna and her family moved about 1815 with her sister, Martha, and family and three brothers and their families to Upper Canada near Kingston, Ontario. This genealogy incorrectly lists Anna as the wife of Edward Hall and her sister, Martha, as the wife of Abner Colby. Proper verification of their spouses is based on New Hampshire marriage records and on the Wills of Samuel Silver and of Judith Harriman.
